

CHILI TOWN BOARD
February 13, 2013

A meeting of the Chili Town Board was held on February 13, 2013 at the Chili Town Hall, 3333 Chili Avenue, Rochester, New York 14624 at 7:00 p.m. The meeting was called to order by Supervisor David Dunning.

PRESENT: Councilman Brown, Councilman Slattery, Councilwoman Sperr and Supervisor David Dunning. Councilwoman DiFlorio was excused.

ALSO PRESENT: Dawn Forte, Supervisor's Secretary; Sandra Hewlett, Stenographer; Virginia Ignatowski, Town Clerk; Daniel Knapp, Director of Finance; Ken Kraus, Deputy Town Supervisor; David Lindsay, Commissioner of Public Works/Highway Superintendent and Building Department Representative; Richard Stowe, Counsel for the Town; Eric Vail, Insurance Counselor.

The invocation was given by Virginia Ignatowski.

The Pledge of Allegiance was cited. The fire safety exits were identified for those present.

At this point, a Public Forum was conducted to allow public speakers to address the Town Board. The following speakers addressed the Town Board on various subjects: Dorothy Borgus, Mary Ann Lazzaro and Robert Bilacki. The Public Forum concluded at 7:10 p.m.

MATTERS OF THE SUPERVISOR:

SUPERVISOR DUNNING: First, I will go ahead and address the request about the minutes. Actually, the minutes from the last meeting should be approved at -- after this meeting. And -- and -- after we -- they come in a draft form first. The Town Board then has a chance to review them to make sure they're accurate. The Town Board would then submit any changes to the Town Clerk, and then they come to this meeting to be approved.

Once they're finally approved, those minutes will go online onto the Town website, which you should see probably within a week they will be posted -- should be posted on the Town's website. So those will be available then.

I would like to actually take a minute because it was brought up, just to bring the Board up to speed, and I have already spoken with Mr. Bilacki about this. I have been over to his house on a couple of occasions, as he knows.

Thank you for not calling me to report that my car was parked on the street out there while I was at a meeting over at the house with them, but I do appreciate that.

MS. LAZZARO: Believe me, I had to hold him. (Laughter.)

SUPERVISOR DUNNING: Nonetheless, I have -- I did, um -- I received a call one day about a lot of cars being parked on the street, and I said, you know, I'm going to take a look for myself. I did that and went to the neighborhood to look to see what is going on. I did witness quite a few cars. The time I got there, which was shortly after I got the call, they started to disperse from the area and it had gone down quite a bit, but I did notice some cars that weren't parked in conjunction with Town Code, our Town parking code.

So I met with last -- earlier this week, I met with -- on the 11th, that was Monday, right? I met with, um, two of the people from -- from ARC and we talked about some of the issues that we -- that were brought to us. They agreed that those -- they are legitimate concerns. We did let them know about the parking situation and that that needs to get improved. They did tell me that they would improve that and get better there.

There is an issue, um, that certainly they were not able to tell me. Obviously there is laws that control or regulate what can and can't be shared with me, but they do have one problem person in the home that they are trying to relocate to a more appropriate setting.

They also agreed at my suggestion that we establish some type of a periodic neighborhood meeting. I don't know what the appropriate frequency would be. I would say at least once a quarter that they consider meeting with the neighbors just to make sure that their home that they have there is -- is working well with the neighborhood, blending in with the neighborhood as it should be. They agreed to do that.

Hopefully within the next couple of weeks, we will establish a meeting time and place. I did offer that we could have -- initially start here, if we could, to meet with the neighbors and let them, you know, talk about what is going on there and let ARC -- tell them what they can and can't do at this point.

But they were very cooperative and they seem willing to work with us to resolve the problem over there. So just a little update for you folks on that one.

New Matters:

1. Vacancy Drainage/Ethics/BAR (Temp Member) Committees.

SUPERVISOR DUNNING: Any ways. Moving on, under Matters of the Supervisor, we'll -- we still have vacancies on Drainage, Ethics Committee and we have an opening for a temporary member on Board of Assessment Review.

2. Special Recognition Emergency Responders.

SUPERVISOR DUNNING: I would also just like to say that I was honored to be able to be present last night at the Monroe County Legislature meeting, not for the MCC issue, but for our -- our first responders that responded to the fire on Golden Road were issued proclamations by the County Executive and the Monroe County Legislature last night, as well as Sheriff O'Flynn and others involved, but it was nice. David Saur, Scott Miller, um, Chuck Kaiser and Jason Elliotto were all presented with proclamations last night.

I wanted to mention it here for -- for all of you and for the sake of anybody else that might be seeing this, the Town of Chili will also be recognizing these -- these folks as well as the fire trucks and the fire companies that responded to this fire. Um, we are going to recognize them at our next meeting on March 13th.

Give you a little update what I know about the family. I talked to Mr. Ogg the other day, and the family is improving. The -- his mother, which was the elder woman, um, she actually has been released. The -- one of the children, um, is up and around and moving and performing somewhat normally. Still -- still in somewhat guarded condition, but they're doing much, much better. The other child they were just getting ready to remove the respirator which was a good thing. They're breathing on their own. I understand just today I learned that his wife is talking and -- and coherent now and is responding well to treatment. So right now, pray to God things continue to progress in a positive direction, but the family seems to be doing -- doing well.

But -- but again, we will be recognizing them and the family will be here on that evening, providing -- whomever can be here, they will be here on that evening as we recognize these firefighters also.

COUNCILWOMAN SPERR: Hopefully our postal --

SUPERVISOR DUNNING: I'm sorry.

COUNCILWOMAN SPERR: Our new favorite postal worker.

SUPERVISOR DUNNING: Our postal worker Barbara Langdon will also be with us that evening, as well.

COUNCILMAN SLATTERY: Supervisor, one thing. Actually, comment was made, one with the meetings be online and so forth. Um, maybe if we could, under approval of minutes, it doesn't mention what the approval of minutes are for. If we could maybe add "Town Board" to that, so looking at it, it would say approval of minutes. What minutes? For the -- for the general public. So if we could add that.

SUPERVISOR DUNNING: That's a good suggestion. We can do that. Thank you.

COUNCILMAN SLATTERY: That's all.

COUNCILWOMAN SPERR: I just wanted to make a little announcement. I recently just placed in the lobby of the Town Hall building both in Chili and in Gates, um, nomination forms for the Chamber of Commerce's 28th Annual Community Awards. We present beautification awards to both the Town of Gates and the Town of Chili during this awards ceremony along with economic development awards and innovative business culture and arts and outstanding citizen.

We'll also be doing some special recognition this year at our awards dinner. The dinner is on Tuesday, April 23rd. Anyone is welcome to come. You do not have to be a member of the Chamber, but what the forms are is -- for to nominate individuals or businesses to be considered for these awards.

So if anyone is interested, these forms will be in several locations that are also on the Chamber website. We're looking for -- anyone can nominate. It doesn't have to be a Chamber member. Anyone can nominate, but I just wanted to bring it to everyone's attention and also a reminder that David (Dunning) will be presenting his State of the Town at our February 26th luncheon meeting, so we're looking forward to that. That's all I have.

SUPERVISOR DUNNING: That will be fun.

COUNCILWOMAN SPERR: I imagine so. I understand there is a surprise this year, so we will see.

SUPERVISOR DUNNING: Anything else? All right.

The 1/2/13 and 1/6/13 Town Board meeting minutes were approved as submitted.

TOWN BOARD DISCUSSION RELATED TO THE FOLLOWING RESOLUTION:

SUPERVISOR DUNNING: There was a question what the next steps are here. If this resolution is approved this evening, the next step for this would be to -- to begin -- to -- we would send out an RFQs, RFPs to qualifying firms and look for proposals to come back to hire consultant that would do this work. This is a joint venture between the Town of Wheatland and

the Town of Chili. Both Towns will be included in the -- the creation of the RFP, RFQ, whichever it is, and then -- oh. Sorry. Um, and then we'll go from there. Once we have a firm, then we'll know what the next steps after that are. Just like any other project where a consultant does, you know, a Comprehensive Plan, any other plan that we do, the consultant will do a majority of the work for us.

TOWN BOARD DISCUSSION RELATED TO THE FOLLOWING RESOLUTION:

SUPERVISOR DUNNING: There was a question with it. These -- seeing these are going to be the norm, based on fewer Town Board meetings. All I can say is that the Town Board gets an opportunity to review all abstracts well in advance of these meetings whether -- so -- so this is not -- you may see two abstracts on an agenda and you may not. This -- largely for this particular one, this is for 2012 payables, so we are still catching up on -- this could happen if we were having five meetings a month. It wouldn't matter. It depends on when --

COUNCILWOMAN SPERR: When the meeting is scheduled.

SUPERVISOR DUNNING: Right.
