OLD BUSINESS 7/6/06

Item # 4 Traffic is backing up on Rt. 259 past Rt. 490 exit from Chili Ave. The intersection continues to be a hazard. What is the schedule for the permanent fix to the problem? **State to widen road for 2 lanes for southbound traffic, one lane for left turns (no signal upgrade). The MCSO with conjunction with the NYSDOT recognize that using the shoulder of the road to pass a vehicle turning left is within the law and the current traffic flow. State has scheduled to start work on intersection on 06/09.**
