APPROVED Minutes **FROM THE ARCHITECTURAL ADVISORY COMMITTEE** **MEETING OF February 27, 2013**

February 27, 2013

To: Architectural Advisory Committee.

The meeting was called to order at 7:00 PM by Chairman Ignatowski. In attendance were Mark Merry, and Robert Latragna.

The Chairman introduced the members.

New Business

A presentation was made by John Utter of a proposed sign for BVR Construction to be located at 8 king road Churchville, NY 14428. "Chip" Stephenson, president of BVR Construction was in attendance in a support role. The proposed sign is a monument sign 5 feet in height, 4 feet in width supported by (2) 4X4 pressure treated posts with screw on pressure treated caps. The sign is to be located approximately 18 feet from the front property line as detailed on the submitted map.

Discussion ensued regarding lighting of the sign that was not presented and it was agreed that the design was acceptable conditioned on the committee receiving a photo of the light post as currently installed with a representation of the location of the sign included to be sent to Chairman Ignatowski.

A presentation was made by Todd J Bender, Owner of the Gates Verizon wireless store of plans to move the business and add a window and a sign to the previous Asian Moon restaurant located at 3193 Chili Avenue Chili, NY 14624.

Discussion ensued and the committee agreed that the window addition would be acceptable conditioned on it being identical in all respects to the existing windows currently installed in the building. The sign presentation was neither a preferred design nor an exact duplicate of the existing signage on the building, but was determined to be an improvement over the existing signage. The sign design was approved as submitted.
