OLD BUSINESS 10/7/10

Item #1

Parkway Drive near Hubbard Park. Parking when baseball is going on at Hubbard Park creates congestion and safety concerns. D. Lindsay will look at signage and if expanding parking would be an option. 11/4/10-Committee recommends adding No Parking Signage along South side of Parkway Dr and striping the parking lot to define spaces and construct a walkway. Additional a letter will go out to all Sports Associations regarding parking within any town park. 2/3/11 Dave Lindsay is meeting with Mike Curley in February to discuss letter. 5/5/11 a letter was in the Town Newsletter. 8/4/11 Dave Lindsay talked about possibly expanding the parking lot for next Spring; it would require the removal of a tree. Committee recommends expanding the parking lot but do not remove the tree. 1/5/12 the planning for the expansion will start in February as funds have been allocated. 3/1/12 Currently there are about 20 spaces, we can increase it to anywhere from 35-46 spaces estimated cost \$30-\$45k assuming we reconstruct the current area. If we did not do any reconstruction there would be a savings. There are no funds in this years budget for the project, but will be in next years budget. The hope to have a winter start is based on available funds. Thinking possible pedestrian bridge as a potential Eagle Scout project. D.Lindsay thinks stone may possibly be down by spring of next year. The project will have an estimated cost of approximately \$40,000. A grant application has been submitted. Grant application was denied. 4/4/13-town looking to box out the area in stone first followed by paving. Committee request a "Refresher letter" be sent to town recreation clubs reminding them of designating parking areas.

Work is completed adding 37 parking stalls. **Project is completed. 8/1/12 Stone is in, paving by end of summer.**

OLD BUSINESS 2/3/11

Item #3

Rt. 386 and Stryker Rd (near American Legion) the intersection is not currently marked as a no passing zone. Committee recommends Dave Lindsay talk to Dave Goering about striping the road as a no passing zone for the intersection. 4/7/11 State is investigating. No response from NYSDOT. 12/1/11 D. Lindsay will update committee at next meeting. 1/5/12 still no update from state. 6/7/12 If state gives approval, MCDOT will do the work. 9/6/12 State has the request and is doing a study. Restripe should be by NYSDOT to make into (confirm) as no passing zone. State agrees and will do the work weather permitting. Project should proceed soon. **8/1/13 State with stripe when time permits. 12/5/13 The South side approaching the intersection is complete but it wasn't carried through on the North side of intersection. D. Lindsay to follow up with State DOT to understand why it was continued striping down another 30-50ft. 3/6/14 Brent offered to get MCDOT out there if we are given permission by the state.**

OLD BUSINESS 4/7/11

Item #5.a

Walgreens. The entrance on Chili Ave is not clearly marked. D. Lindsay to look at the code and talk to Walgreens. Walgreens has place a small sign. Anything additional would require ZBA approval. Dave has not heard back from Walgreens on their willingness to pursue this. Dave will follow up with Walgreens. 12/1/11 D. Lindsay talked with District Manager, they had originally asked for one but were denied by Zoning Board of Appeals. D. Lindsay will reach out and send a letter on behalf of Traffic and Safety Committee with our support of this sign. Walgreens process once they receive the okay, will take a few months. 1/5/12 D. Lindsay spoke with planning board. He will let Walgreens know that the town will support the additional sign. 3/1/12 D. Lindsay spoke with District Manager of Walgreens, offered letters of support from T&S committee and Superintendent of Highways. George Johnson the District Manager is presenting the proposal to Walgreens home office. 6/7/12 Waiting on response from Corporate. Approx 6 months. Also inside the triangle the "no left turn" sign is up in the wrong direction. 9/6/12 D. Lindsay working with Walgreens on criteria. Walgreens is looking for Town feedback and what is desired to be seen use, possibly 18"x36" and recommend reflective materials to be used. 18"x36" with reflective material IS recommended and if Walgreens wants to illuminate it we have no problem with that. D.Lindsay sent sign recommendations to Walgreens. We are waiting to hear back from Walgreens. D. Lindsay to follow up. 3/6/14 Eastbound no left turn signs are up. 5/1/14 D. Lindsay talked with Paul Johnson at Walgreen's is looking into this.

OLD BUSINESS 2/2/12

Item #1

Concerns about if speed limit is too low on parts of Ballantyne and Brook Rd. Committee to recommend put up the traffic counters in the Springtime. This will happen later this month. 6/7/12 Currently posted at 30MPH. Radar counter was on Brooks, 85% average was 50MPH. Will look at a few more roads and then do a group proposal. Counter will be on Ballantyne soon. 8/2/12 Ballantyne Rd average came in around 40 mph and the 85% average approximately 50MPH. 9/6/12 D. Lindsay will reach out to county to ask for a study. Need to make sure that when county is asked for a study that specific areas are requested. D.Lindsay will research the counter data accumulated and ask the county to do a speed study. D.Lindsay will go over details with Brent from the county about doing a speed study. **4/3/14 County did a speed study and recommended committee to**
