Summary of Minutes Rough Draft

Town of Chili Drainage Committee

July 7, 2009

Theresa Reilly, Chairperson called the meeting to order at 7:00 p.m.

MEMBERS PRESENT:

Theresa Reilly, Timothy Condon, Dr. William Dingus, James Gamble, Scott Alexander, Sean Kingsbury, Hon. Tracy DiFlorio and David Lindsay

MINUTES:

- The minutes of the June ⁴~~2~~, 2009 meeting were approved

GUESTS:

- **Mr. Earl Campbell, 32 Brian Drive.** Mr. Campbell has lived on Brian Dr. for approx. 10 Years. He states that he has had an ongoing problem with water accumulating on the corner of his lot for several years. He further stated that his neighbor, **Mr. Cameron Miles of 34 Brian Drive** has had a similar problem that has caused major flooding in his basement. (Sump Pump runs continually) Mr. Campbell again reiterated that the street floods and water sits in the yards and swale for long periods of time.

The committee asked Mr. Campbell a variety of questions about the history of the problem. There was a discussion about the Mayfield Village Apt. Building, and the retention ponds that help to relieve the overflow in this neighborhood. David Lindsay indicated that he would discuss the problem with Gray Gardner and take a look at the site, after which he would report back at the August meeting.

OLD BUSINESS and WORK COMPLETED:

- **Pumpkin Hill Dam** has been completed.
- **Stottle Rd.** The county is replacing the Bridge.
- **Chestnut Rd.** cleaned out an existing retention pond.
- **Union St and Chili Ave.** The State is completing a paving project. There was some discussion about why the state did not add a dedicated turning lane and thru lane for the increased number of cars coming from the Union Station and Park Place sub-division.
- **Duck Pond** will hopefully get started in August. Due to wet Late spring and summer thus far, have not been able to start work. If the wet summer continues, then David plans to rent a heavy machinery with an extended arm to accomplish the job.

- Reminder that Drainage Committee Members should arrange to get their Town of Chili Identification Cards.
- **14 James Hollow Drive.** Committee reviewed the recent site visits by members of the committee. David discussed the contributing factors causing the problem. It was decided that the swale between 14 James Hollow Dr. and 18 James Hollow Dr. would be re-graded by filling in the low spots.

NEW BUSINESS:

- No new business

REVIEW: No projects for review

ADJOURNMENT: Meeting adjourned at 7:57 p.m. Next meeting August 4, 2009

Respectfully submitted,

Dr. William Dingus
