The Parade was a success. Peter rode in the Historian's Car. Bonnie will call MacBrides to clear up the confusion regarding using the cars for the parade. Several weeks ago, Earl spoke to Jim MacBride saying we would probably not need the cars this year and then called 3 days before to say that we would not be driving them.

Marleese Patterson wrote an article on 268 Archer Road for her senior project. Peter has added it to the file.

September 23 at 6PM General Meeting: Purpose is to communicate between the committees. All board members are encouraged to attend. Round table discussion. RSVP to Dawn by Sept. 9, 2015. Bonnie will remind us at the September meeting.

John Testa's Barn—John's provisional permit ran out. A petition has begun to shut the stand down. He has a 1 year provisional permit to continue. If possible when the time comes, Bonnie would like to represent our board at the hearing stating that we honored him for his preservation of an older building and for his landscaping.

Continuing the Website write ups: Phil emailed Chris Levey who said to email the pictures and text to him and he will produce it. Phil will ask him if he could preview it when Chris is ready to put it on the website. Bonnie has Landmark Home addresses and will mail letters to homeowners asking if Phil can take new pictures of the outside of the homes. Bonnie will write an introduction and we will take a picture of our board members to put on the website. Each member has copies of all the write ups for the website. We will look through them and send any recommendations to Phil. He will make any necessary changes and email copies to us before submitting them to Christ Levey.
