OLD BUSINESS 7/6/06

Item # 4 Traffic is backing up on Rt. 259 past Rt. 490 exit from Chili Ave. The intersection continues to be a hazard. What is the schedule for the permanent fix to the problem? **State to widen road for 2 lanes for southbound traffic, one lane for left turns (no signal upgrade). The MCSO with conjunction with the NYSDOT recognize that using the shoulder of the road to pass a vehicle turning left is within the law and the current traffic flow. State has scheduled to start work on intersection on 06/09. SEE Attachment, work has begun. Lines have been painted and turn light installed 8/5/09. Concerns with telephone pole at SW corner. D. Lindsay to investigate.**

OLD BUSINESS 8/7/08

FYI At the intersection of Morgan Rd and Union St. the bushes are growing out to the road. The bushes need to be trimmed. **D. Lindsay has contacted the home owner about trimming the bushes. B. Penwarden will write a letter and/or have bushes trimmed. See attached pictures and letter. MCDOT has conducted a sight-distance investigation; the sight-distance exceeds all State and Federal DOT requirements. The committee will address again when bushes have bloomed out.**

- Item # 4 G. Barnett express concern about some low hanging wires and the poles that the wires are attached to, behind the stores at the southwest corner of Chili Paul Plaza at the location of the proposed Microtel Hotel.
