HARRIS SEEDS: Carole Thoms, representing the Historical Society, discussed plans to honor Harris Seeds. She passed around an 1852 sterling trophy which she purchased on EBAY. It had been awarded to Joseph Harris for his essay on the use of Supersphosphates of lime. She has been fund raising for a celebration to honor Harris Seeds. (Grants, Lithographs, etc.) She has contacted the Gates Chamber of Commerce and the Gates Historical Society since Gates was the original site of Harris Seeds before relocating to Buffalo Rd in Chili. The Historical Society wants to honor the Life and Legacy of Joseph Harris. Next year is Harris Seeds’ 140 year anniversary. The Historical Society is planning a grand opening at Streeters Inn and an exhibit next June. They are planning for a major event. Peter mentioned having a float in the Chili-Fest. Harris will supply seeds if the Historical Society wants to use them for a children’s event. Bonnie said the CHPB has discussed honoring Harris Seeds with a Certificate of Achievement. Carole agreed that the events next year would be a good time for our board to present that certificate to Harris Seeds. Mike mentioned discussing the plans with David Dunning.
